

Employee Profile

Tom Pallett **Vice President - Laser Diodes**

Territory: Mid-west and West Coast
Education: Florissant Valley CC, Columbia College

Hobbies: Auto Restoration / Golf

Email: tom@rpmclasers.com
Phone (office): (636) 272-7227 x228
Phone (cell): (636) 544-2710

Years at RPMC: 10

Experience:

I have been in the laser business for over 27 years as either a design engineer, project manager or sales person. My background includes design of electronics, micro-electronics, hybrid-circuits, laser system packaging, mechanical design and product development. This experience includes everything from single emitter laser diodes to 40kW laser systems for commercial, military, and space based applications. Let me help you find a solution for your project.

About RPMC:

RPMC Lasers Inc (Incorporated in 1996) is the leading laser distributor in North America. We offer diode lasers, laser modules, solid state lasers and amplifiers, fiber lasers and amplifiers, and laser power measurement sensors and meters. We also offer custom solid-state lasers and laser diode subsystems. We have over 1500 different laser diodes and solid-state lasers from technology leading manufacturers in the US, Europe, and Asia. Our goal is to provide high quality technical advice with an in-depth knowledge of the products we offer at an attractive value proposition, the best laser at a fair price.
