Years at RPMC: 8

Experience:

I have an A.A.S. in Lasers/Electro-Optics from IHCC. In 2010 I was hired at RPMC as the Business Development Manager and have been working in this capacity ever since. Through my time at RPMC I have helped numerous customers find the right laser solutions to fit their need while at the same time helping our manufacturers with product development activities.

Expertise:

Strong working knowledge of laser industry and laser applications. In my position, I have played a role in many areas such as material processing, manufacturing, product development, product management, service and business development, and management. My goal is to help our customers find the right laser solution to fit their needs.

About RPMC:

RPMC Lasers Inc (Incorporated in 1996) is the leading laser distributor in North America. We offer diode lasers, laser modules, solid-state lasers and amplifiers, fiber lasers and amplifiers, and laser power measurement sensors and meters. We also offer custom solid-state lasers and laser diode subsystems. We have over 1500 different laser diodes and solid-state lasers from technology leading manufacturers in the US, Europe, and Asia. Our goal is to provide high-quality technical advice with an in-depth knowledge of the products we offer at an attractive value proposition, the best laser at a fair price.
